

## **Testimony of Heaven and Hell. Keep Sunday Holy!!! Give your tithe properly!!!**

by Rev. Park, Yong Gyu.

In 1987, Reverend Park had died from high blood pressure. But by the grace of God, his life was extended for another 20 years. However, for the first four years, he was not able to speak due to his condition. He was about 50 years old when he had come back to life. During his death, the Lord took him to heaven and hell.

“I want you to know if you are arrogant and prideful, you will bring curses upon yourself. I had a mega church of 5000 members but I was struck down by God due to my arrogance. Now I fear God.

I used to own property worth two hundred billion won (\$150 million US). I owned five luxury cars. But after my death experience, I gave it all away. Salvation cannot be achieved by your possessions but through faith. Please, I plead to the deacons, elders, and the other leaders in their churches to serve your pastors with all your heart.

On December 19, 1987, after I had finished my lunch and while I was resting, I began to feel excruciating pain. I felt as though I was going to die. The pain was unbearable. I then lost consciousness. When I woke up, the people around me said four months had passed. I was in a vegetated state. While I was in a vegetated state, the doctor had said that I would eventually die

As soon as I had died, I instantly saw two people enter my room. But these people had entered into my room through the wall. I screamed, “Who, who are you!! My house will crumble down if you do that!!” Then the angels said, “We are angels descended from heaven. We are from God’s kingdom.” A brilliant light shined from the angels. The angels placed me between themselves. I asked, “How did you come?”

You are dead. But since your family cries out with so much sadness, He desires to grant you a little more time to live. But for now, He desires to show you heaven and hell. He will show you and you will witness to the people of the earth. May the number of people who end up in hell be decreased and the number of people going to heaven increased through your testimony. This will be your mission. God instructed us to tell you not to delay. If you delay, you will not be able to visit heaven and hell.” The angel to my right introduced himself. “I run errand for Jesus in His kingdom. Jesus called me and commanded me to go down to the earth. He commanded me to take you to heaven.

Then the angel standing to my left introduced himself. He said, “The moment you were born and until the moment you had died, I had been with you.” At that time, I did not understand what the angel had meant. Now I know. He is my guardian angel. So I said, “I cannot go! I will not go! I am a pastor! I cannot meet the Lord in this physical condition. I want to see Him as a healthy person. I would probably be receiving more rebukes than compliments from the Lord. I am prideful and arrogant and now I am cursed and sick. How am I able to enter heaven? I am so scared. Please go back to heaven and ask the Lord to heal me. Then come back and take me to heaven through my dream. Please ask for mercy on my behalf.” But the angels were not listening

to my argument. They took my clothes off and said that they were very filthy to be wearing in heaven. They then clothed me in a white gown.

They grabbed my hands and we flew straight up to heaven. We flew through the clouds and as I looked down, I saw the earth becoming smaller. When they let me go, within 3 feet of me, I saw the endless Golden Street. We were still flying and at great speed. Looking forward, I saw a brilliant shining light. I could not look directly at the light. I asked the angels, "Where is the light coming from?"

The angel replied, "It is from heaven."

As I looked forward, I thought to myself, "Wow! It is huge!" In front of me, I saw groups of people in white gowns flying ahead. I asked the angels, "Who are they?"

The angel replied, "They are the ones who had served God faithfully and trusted in Jesus by obeying and following the lead of the Holy Spirit with all their heart. Their bodies are dead on earth. They are now the souls heading toward heaven."

The other angel continued, "There are twelve gates in heaven. When a saved soul comes to heaven, they must enter through one of those gates." We were standing in the south gate but it was closed. As we were waiting, I asked the angel, "Angels, why is this gate not opening?"

The angel replied, "It is because you are not singing the heavenly worship song."

I asked, "Angels, I was very prideful and arrogant and as a result I was cursed with sickness. I am not good at singing earthly worship songs. How am I able to sing heavenly worship songs when I had never heard it before?"

The angel replied, "You are correct. But you must still prepare yourself to worship. You are a prideful person but prepare to sing." The angels began to sing. As they sang, I began to sing with them. It became natural to me! But then, they stopped singing after a short while.

I asked, "Why have you stopped singing? I was enjoying it." I then noticed we had already entered through the gate.

I will never be able to describe the scenes of heaven with my earthly words. I said, "Lord! Thank you so much! Even though, I was very prideful and arrogant and cursed with a sickness, you have still brought me to heaven to show me around." The scene of heaven unfolded in front of my eyes was indescribable.

I then heard the voice of God, "My beloved Pastor Park, Yong Gyu, I welcome you. You have made a long journey here." The voice of the Lord was overflowing with love and tenderness.

I replied back crying in tears, "Lord,...."

The angels immediately stopped me. "You have been a pastor for 20 years. Do you not know your scriptures? There are no tears in heaven. Please stop it!" I was not even able to cry.

The Lord then asked me five questions.

1. “How much time did you spend reading the Word (bible)?
2. How much did you give of offerings?
3. How many times have you evangelized to people?
4. Did you tithe properly?
5. How much time did you spend in prayer?”

I could not answer the fifth question. The Lord rebuked me for the fifth question.

“After you had become a mega church pastor, you had become very lazy with prayer. Being busy is no excuse to Me!” I had to repent of it later.

The Lord continued, “The angels will show you many places in heaven and of hell. Look around as much as you desire. You will leave after witnessing many different places in heaven and hell.” But the Lord did not allow me to see His appearance.

The angels first took me to three different places in heaven. In the first place, I saw little children living together. The second place was where the adults lived. The third place was where the souls had barely made it to heaven. Even though they made it to heaven, they had made it shamefully.

So many people had asked me how old the little children were. When I first arrived, I thought they appeared to be in the range of kindergartens. They were not the little boys or girls as we would know of gender. Each child had their own baby angel to accompany them. In heaven, most of the souls will have their own individual home (John 14:22). However, there were some who did not have homes. I will explain this later. Moreover, the children did not have their own individual homes either. I asked, “The children are also souls, why do they not have their own homes?”

The angel replied, “Just as the people on earth require materials to build their homes, we in heaven also need materials to build here. When a person serves the church and others faithfully unto the Lord, those deeds will become materials for a person’s home in heaven.

When the materials are provided, the angels assigned to build a saint’s home will go to work on constructing it. The children who are below the accountability age have not built up any materials to build a home. In other words, they did not have the time or chance to earn their rewards/materials. This is why they do not have homes.”

I continued with my questions, “What shall I do on earth to provide more materials for my home?”

The angels replied, “There are seven things one must do to build up their materials to build their home.

1. The first is their accumulation of worship and praise to God.
2. The second is their time spent reading the bible.
3. Third, their time spent praying.
4. Fourth, their time spent evangelizing to people.

5. Fifth, one's offering to the Lord.
6. Sixth, their obedient tithes to God.
7. Lastly, their time spent serving the church in any way.

These are the deeds or works of obedience in which one accumulates materials for their heavenly home. If one is lacking in these areas, they will have no materials to build their home."

There were numerous people in heaven without homes. Many who did not have homes were actually pastors, deacons, deaconesses, elders, etc. I asked out of curiosity, "Where do the children live then?"

The angels replied, "They live here." As I looked around, they were gathered throughout the garden of flowers. The garden of flowers was so beautiful and the fragrance was out of this world. The scene was beyond what I could describe with my words.

The second place was for faithful adults. There is a difference between salvation and rewards. This place had so many homes. The homes were built with beautiful gems and rare stones. Some of the homes were as high as the highest skyscrapers on earth. Those people who had faithfully served the Lord while living on earth had their homes built with beautiful gems and rare stones. In this particular place, all the people looked around the age of 20 to 30 years old. There were no men or women in regards to gender. There are no sick, old, or lame people.

graders in elementary school. He had suffered from a rare disease called rickets. However, when it came to the bible, he was a PHD. He had written many commentaries. I met him in heaven. Now, he was tall and handsome. He was no longer sick but healthy. Heaven is a very wonderful place!! I am so full of expectations! Please believe what I am saying beloved people! I once knew an elder named, Oh, Im Myung. He had died at the age of 65 years old. He was a very short man. He was as tall as 2

The third place is a place where the shamefully saved are gathered. This particular village is very enormous in size. This place is several times bigger than the place where the souls resided in the second place where the homes are made of gems and rare stones. I arrived at this place riding a gold chariot. I had arrived at great speed. This place was very far from the beautiful places in heaven. I asked the angels, "I see great wilderness and fields. Why do I not see homes?"

The angel replied, "What you are seeing are homes."

I saw huge wide flat houses. The shape of the homes reminded me of a large chicken coop or some type of warehouse. These homes were very shabby. This village and homes were for the souls who were shamefully saved. There were numerous large sized shabby looking homes. This village is several times bigger than the place where rewarded souls reside. The angel said, "Do you see the two large homes with one to your right and one to your left?"

I answered, "Yes, I do see them."

The angel said that he wanted to show me those two houses specifically. He said, "The right home is for those who were pastors on the earth. The left home is for those who were elders on the earth." As we arrived to the front of the two homes, I noticed they were humongous. My jaw

dropped. When we opened the door and entered, my first impression was, ‘chicken coop.’ Instead of thousands of chickens living in their coop, I saw souls. The angels advised me to observe very carefully because I would recognize some famous pastors from history. It was true. I recognized many pastors from history. I specifically picked out one pastor and asked the angel, “I know that Korean pastor! I know how famous he was and the work he had done for the Lord. Why is he here? I do not understand.”

The angels answered, “He never provided any building materials for his home.” This is why he is living in a community home.”

I asked out of curiosity, “How did this happen? Why did he not have any materials?”

The angel answered, “While he was a pastor performing the functions as a pastor, he had loved to be complimented by the people. He had loved to be honored. He had loved to be served. There was no sacrifice and servitude on his part.”

This particular pastor was greatly honored in Korea and is an icon within the Korean Christian history. But he had no reward!! Pastor, please listen! You have to lead people to more than just Sunday morning services. You must visit them in their homes. You must take care of the poor, the lame and old. The pastors who have served without sacrificing their lives and loved to be honored have no reward in heaven.

After I had witnessed this scene in heaven and after I had come back to the earth, I immediately gave all of my possessions away including my five luxury vehicles. Our life is but a moment. In the bible, the average life is about 70 to 80 years old. But it is only God who knows when a person will die. Anyone can die before the age of 70 or 80 years old. I had decided to give everything away even my clothes. The people I saw had received salvation in shame. They were pastors, elders, deacons, and lay believers. There were multitudes of elders and deacons in the flat shabby home. But of course, it is still better than hell. However, why would anyone still want to enter heaven in such a way? I will not end up in the shameful place. Their clothes were even shabby.

This will add more materials to your home. If a person says he/she cannot make it to church because they do not have nice clothes, then you must provide them with some. If the person says he/she does not have a bible, you must provide one. If a person says he/she does not have glasses to read, you must provide it for them. You must provide whatever you are able too so this person can be led to the Lord. Those who live in the best homes are those who had evangelized many times.”What are the requirements for Christians to receive such beautiful homes in heaven? Let us discuss it. First, we have to evangelize to as many people as possible. I asked an important question. How should we evangelize? The angel answered and said, “Assume there is an unbeliever who does not know the Lord. The moment you decide to evangelize to that particular person, the building materials for your homes will be provided. As you unceasingly pray for their salvation, more building materials are provided. You must continue to check up on them, visiting them and continue your evangelizing.

The angel then escorted me to the place where the saints lived in nice homes. This is where saints who had evangelized much lived. The place I was taken felt like downtown heaven.

In Christian history, there are four people who have the biggest and most beautiful homes. The angel showed me the home of American evangelist D.L. Moody. The second home I saw was the home of British Pastor John Wesley and third was an Italian evangelist. The fourth home was the home of Korean Evangelist Pastor Choi, Gun Nung. These four people have the largest homes in heaven. The angels told me that these four had spent their whole lives evangelizing to people even through up to the time of their deaths. Within the Korean believers, there was a lay believer who had a large home. This lay believer had built many church buildings with all his possessions. He had given three thousand bags of rice to the poor. He secretly helped thousands of pastors and leaders with their finance. He helped students studying theology or in bible school with their tuitions. He had also taken in a pastor (65 years old) into his home and took good care of him. His own church had kicked him out.

Then suddenly, I heard an angel shout, “The materials are coming!”

I asked the angel to my right about the materials. He replied, “These materials are for a deaconess from a small church who is from the country. In fact, she receives materials every day. Even though she is poor, she comes to early morning service each day. She prays for 87 church members daily. When she finishes praying, she cleans up the church.”

I heard another angel shout, “Special delivery! The daughter of the deaconess has given what little money she had to her mother. However, the deaconess did not spend it on herself. She bought five eggs and two pairs of socks for the church pastor.

Even though it may appear to be a small offering, she had given all she had for the day. This became special materials for her home in heaven.”

Second, those who also have a large home are those who have built church buildings or other buildings for Kingdom purpose with their possessions and resources.

In heaven, I also met an elder named Choi. Among all the Korean elders and deacons who are in heaven, he had the most beautiful home. His home was much higher than the tallest building in Korea. Choi had built many churches in Korea with his wealth. I asked the angel, “How about my house? Is it in the process of being built?”

The angel said, “Yes it is.”

I begged to see my house. But they told me it was not allowed. I continued to beg. After some persistent begging, the angels said that the Lord will now allow it. We entered the chariot and traveled very far to another place. As we were leaving, I asked the angel, “How long will this take us?” But they replied and said that I talked too much. Finally, after some duration, the angels advised me that we had arrived. I was full of expectation. I asked, “Where is my house?”

The angel replied, “It is over there!” But it looked as though the place was a prime for only development. I cried out, “How could you do this to me? How could this be happening? How can my house be in a developing zone? Surviving the Korean War, I sold my only home to build a church. This church eventually grew to five thousand members. I wrote many books inspired by the Holy Spirit. One book became a best seller. With the proceeds from the books, I built Christian schools. The school birthed 240 pastors. During tenure as the dean, I had given out

over 400 scholarships to over 400 poor children. I have built homes for the widows to live in. This all cost huge amounts of money. So how could this be? Why is my home in a land development? I am so upset!”

The angel replied sternly, “You do not deserve to live in such a beautiful nice home in heaven because you have been honored by people countless times. Every time you had built or done something good, you were praised by people. You were even honored by the secular news. Therefore, all your works are in vain.”

I asked the angel, “Why do I have such small rooms?” Anyway, since I was already here, I decided to look at my home in the development zone. My home was located in the middle of three other homes. My home had three stories. The house had many small rooms on the first two floors.

The angel answered, “These rooms are for your sons and daughters.”

“I only have four children”

No, they are not for your earthy children but for the ones you had evangelized and are saved.”

The angel said that it was on the roof. I did not like it. My room was not even finished. In an angry tone I said, “It is so small! Why is it so difficult to finish?” I loved it! I asked, “Where is my master bedroom?”

The angel replied, “You are not even dead. We cannot finish your home or room because we do not know if more materials will be provided. Do you understand?”

We entered my room. I saw two certificates hanging on my wall. I went to read what it had said. The first certificate described when I was 18 years old living in an orphanage. On Christmas day, I was on my way back to the early morning church service. I had seen an elderly man shivering on the street. I took my jacket off and gave it to him. That deed had given me a reward in heaven. The second certificate described the same incident but it was for buying some bread with the little money I had for the elderly man. The amount is not the issue. The act must be accompanied by genuine faith. The dollar amount has no significance.

## **Hell**

The two angels escorted me to hell. They said, “Now you will visit hell.”

You have no idea the enormity of hell. I kept shouting, “It is so big! It is so big!” This is the place where souls who are cursed and receive eternal damnation are placed. It felt to me as though this place was a thousand times larger than the earth. Half of hell was colored red and the other half was pitch dark black. I asked the angels, “Why is this part red?”

The angels replied, “Do you not know? It is burning sulfur. The other half is darkness. When people sin and end up here, they will be tormented from both sides.”

“This place is so huge! How many cursed souls are in here?”

The angel answered, “Do you believe there is a heaven and hell?”

“Yes, I believe it!”

“There are multitudes of churches on the earth and many of the churches are filled with many people. However, most of them are not true Christians. They are but church attendants. The true churches will firmly believe in heaven and a hell. The lives of many Christians are in chaos because they do not firmly believe in heaven and hell. When one soul enters heaven, one thousand cursed souls enter hell. The rate of heaven and hell is 1 to 1000.”

The theological college that I had attended is one of the biggest conservative theology schools in the country. I did not believe in the heaven and hell stories. But now, I am one who writes such experiences to testify to others. Although you may believe and are a Christian, if you live your life according to the will of the demons, you will end up in hell. I am a Presbyterian pastor. I am a well-known speaker. I have graduated from one of the largest theological school in Korea.

The first place they had taken me was a place of sulfur. Can you even imagine how hot the fires of hell may be? No one will be able to bear the intense heat. In hell, you will only hear three statements.

1. First, it is too hot and they feel like dying.
2. Second, they are so thirsty and feel like dying.
3. Third, you will hear many asking for water. It is eternal! Many people say we are free in Christ and they live their lives as they desire. I asked the angel, “Those who are in here, what have they done?”

The angel answered, “The first group is unbelievers.”

Those who had not evangelized to their own family must repent!

The angel continued, “The second group is those who believed in Jesus but did not repent of their sins.”

We must repent of our sins and must confess to the Lord. We must not sin. Just giving lip service is not repenting. With a contrite and earnest heart, we must repent! I then saw many pastors, elders, and deacons in hell. I asked the angel, “I know them. They had served God faithfully while on the earth. They had died some time ago. We all had thought they were in heaven with God. But now, I see them all in hell and they are crying out that it is so hot! What is the reason for them in here?” There were numerous numbers of pastors, elders, deacons and all other lay believers.

On their death beds, they thought they had done a good job so they did not repent of those things. This is why they were thrown in the fires of hell.”The angel answered, “Pastor Park Yong Gyu, a person can appear to be a true follower of Christ on the outside but God knows the heart. **THEY DID NOT KEEP SUNDAYS HOLY. THEY IN FACT HAD LOVED TO MAKE MONEY ON SUNDAYS.** Many of the deacons and elders had criticized the sermon of their pastors. **THEY DID NOT TITHE PROPERLY. THEY DID NOT PRAY.** They had not evangelized to people at

all. Many of these elders and deacons had harassed their pastors and would come against their authority. They had interfered with the pastor's duty and business.

I then saw a king and a prince who had first persecuted Christians in Korea. This king and prince beheaded many first believers in Korea. They were placed in the center which was the hottest place of all. I also saw Hitler, Stalin, Mao Zedong, and a famous pastor from North Korea named Pastor Kang, and a famous Japanese hero, and much more.

We then arrived at an extremely dark place. I could not see where I was to step. I shouted, "Angels! Angels! It is so dark! How can I see anything?"

The angels patted my shoulder and said, "Just wait a little bit."

Within a few moments, I was able to see. I saw countless number of naked people. All of them had insects crawling all over their bodies. Not an inch was spared as their whole bodies were completely covered with insects. The naked people attempted to drive the insects away gnashing their teeth.

I asked, "What did these people do as they lived on earth?"

"They are those who have criticized and back stabbed each other. They were not careful of what they had said to one another."

I saw the demons piercing and stabbing the stomachs of the people with sickles. Their screams were unbearable for me. I asked my escort, "Angels, what did these people do as they had lived on the earth?"

"These people had jobs, houses, and families but they did not give to God. They did not help the poor, their churches, or other Godly purposes. They were very stingy and greedy. Even as they encountered the poor, they ignored them and did not care. They only cared for themselves and their families. They were well clothed, fed, and had a comfortable life. This is why their stomachs are pierced for their bellies were full of greed."

It was a very frightening scene. After witnessing such a scene, when I got back to the earth, I gave all of my money and possessions to others. Salvation cannot be earned with money or property. It is by faith. Hell is an unbearable and miserable place. It is eternal torment!

I then saw their heads hacked off by a very sharp saw. I asked the angel once again, "What did these people do to deserve such awful torment?"

The angel replied, "Their brains were given by God to think good and beneficial things. But these people had thought of filthy things. They thought of lustful things."

Next I saw people being stabbed and cut into pieces. The sight was horrible. I asked, "What about these people?" What did they do to be tormented in such a way?" "

"These were elders and deacons who did not serve their churches. In fact, they did not even want to work or serve! The only things they had loved were to receive and receive from the flock."

I saw the elders, deacons, and other lay believers tormented by the demons. The demons made a hole in their tongues and placed wires through the tongues of one another. Then the demons dragged the people with the wire. I asked again, “What did they do on earth?”

The angel answered, “They had committed four different types of sin.

1. First, they had criticized their pastors. They would speak negative things about their pastors. They were back biting and ridiculing their pastors. “

I plead with those who have committed such acts to REPENT, REPENT!!

The angel continued,

2. “Second, they insulted the church with their words.
3. They had harassed other Christians to the point where even the faithful ones were affected and they stopped attending church and even caused some to stop believing. They did all they could to stop faithful Christians from performing God’s work. These wicked ones caused many faithful to stumble.
4. Lastly, there are spouses who drank alcohol and were abusive to their family members.”

I saw demons piercing men and women in their stomachs with a very huge sharp nail. I asked, “What did they do?”

They had never repented.”“These are men and women who had lived with one another but were not married. These are guilty of abortions as they also got pregnant.

I saw another group of people. The demons were slicing their lips as if one thinly slicing meat or vegetables. I asked, “Why are these people tormented in such a way?”

The angel said, “These are sons, daughters, son in laws, and daughter in laws who had talked back to their parents. All they had to do was say, ‘I’m sorry’ instead of making things worse. Many of them had used abusive language. They had attacked their parents with harsh language. They were rebellious. This is why their lips are being sliced.”

Brethren, we are all going to die one day. We do not know the day we will die. Please be prepared. Being prepared is to go to heaven. When we go is not the issue. Please forgive each other as frequently as necessary if you need too. Repent and repent and do it all day long if you have too.

My beloved brethren, I used to ignore such testimonies. I was a conservative Presbyterian pastor who ignored such things. But now, I must witness and testify to you what I have seen. Please do not hesitate to live a holy life. Please avoid the miserable torment and judgment. Be saved! Do not live for your flesh but submit to the Kingdom of God. Please pray for those who do not know Jesus. Evangelize and bear fruit. Please pray early in the morning and keep Sundays HOLY. Please tithe to the Lord properly. Accumulate your rewards in heaven and not in this earth. I pray and bless you in the Almighty Name of JESUS!

By Pastor Park, Yong Gyu
