

Revival in WA State with Pr Christine Coleman & Blazing Holy Fire Church

Beloved friends in Christ:

Revival is here and now. We are in the age of the Holy Spirit.

Blazing Holy Fire Church finished a two days revival in WA State and we truly saw the Kingdom of God in our midst. After seeing His power and glory in such a way I said "Let others forsake you Lord; let others doubt you – but I will not, because I have seen your glory."

God moved so powerfully in the 3 services we held. Each service lasted from 4 to 5 hours. We ministered to about 350 people imparting the fire and the power of God. An example of signs and wonders that took place is here below:

- Spiritual sight opened on at least 3 people. Individuals were able to experience the spiritual realm.
- Baptism in the Holy Spirit and fire as people spoke in unknown and known tongues. There are people who spoke Hebrews, Spanish and other known languages that were unknown to them prior to this revival
- Upon receiving prayers, people whose prayer language was lost got restored.
- People continues to report about having dreams and visions ever since these meetings
- Many received holy dance impartation
- Healing and other miracles signs and wonders.

Surely, we are in the age of the Holy Spirit! Joel 2:28-29 is being fulfilled in our midst NOW!

TESTIMONIES

Genet - Saw a dream of Pastors Christine Coming to the meeting days before the revival. People were anxiously waiting for a long time. She came in later than scheduled. She was wearing a bright purple gown and her hair was golden color. As soon as she walked into the room the glory of the lord came in. (*all of this came to pass as shown her in the dream*). Here we must understand that it was only God doing miracles; we are only servants, holy vessels and yielded channels through which the power of God flows.

Genet - After Pastor Chantal prayed for her and imparted holy fire dance during the Saturday service, she saw a vision of Fireballs all around the room coming down on every single person that was present in at the end. The fire was moving towards the people. While in the spirit, Genet kept saying and begging the people 'eat it!!!' The word of the lord came through her saying, 'your prayers are answered! you shall have what you asked for'!!! She kept repeating those words. She was also receiving songs that were in another language.

Genet-

On Tuesday after the meeting, Genet was again under the power of God. She prayed for 9hrs straight in her home. She received songs in Hebrew, Spanish and an Ethiopian language of Ormomigna which she did not know before. She also received Holy Fire and Holy dance in the house the whole day.

Jonah

A 9 year old Ethiopian Boy. He came to the Saturday meetings and saw angels in the room. After leaving the building that Saturday, he told his mom "Mom, those are the servants of

the Most High God. Angels were everywhere". As he came back on Sunday, He testified seeing an angel guiding Chantal to pray for the people. He also saw oil being poured on Pastor Christine's head the whole time she ministered.

Esther

Esther received healing of high blood pressure and received an impartation of holy dance. One day after the last meeting, As she walked into her home, she shut her eyes to worship. She saw clouds of glory in her room. She also saw what looked like clouds lined up like window blinds from heaven down. She kept praying in the spirit the whole day. She received Holy dance and visions from the Lord. She felt so empowered and kept dancing. She saw people worshipping the Lord even in her room.

Mary and Marlow

On Saturday, they saw blue colored wind blowing on their faces.

Many people are seeing continual dreams after the meeting. This holy fire is for real. Please receive it at any cost!!!

REVIVAL AT THE BLAZING HOLY FIRE CHURCH, Colorado

There is a great revival happening in our midst NOW! Currently, the presence of the Most High is so strong in our church that the following are happening in the midst of our church.

- People's spiritual sights are opening, more and more. Individuals are seeing the Lord, angels, demons etc... things they had never seen before. At times, individuals are taken into the spiritual realms or have visions as we worship or when we are imparting the holy fire of God.
- The power of God is so strong in our midst that when people walk into our humble sanctuary, they step into God's Kingdom. There has been instances when people walk in, there is no music in the sanctuary, no worship and no prayer going on but they start receiving deliverance – demons coming out of them screaming and leaving without anyone praying for them ... just by the power of God Himself.
- Many people are getting delivered from demons. God has granted us a powerful deliverance ministry. When we pray for people who need deliverance, they are taken into the spiritual realm where they can see either heaven or hell – after people sees hell, they can never be the same. I no longer have to spend much time begging people to change, to reach to the lost or changing their lives – they come back with a great fear of the Lord and a great knowledge of what it takes to enter the Kingdom of God.
- Many Christians who come in our midst also go through deliverance even when they thought they did not need one... please live holy, the days are evil. Serve the Lord now, time to do little or be lazy is up! Night is almost here; let's do the work of God while there is still light!

Anyone is welcome to experience the power of God in our midst. We have people who have moved from different States and they can all testify that these things are real and so true!

Glory to the Name of Yahweh, Jehovah God; our Lord Jesus Christ and our Greatest Helper the Holy Spirit who is always in our midst.
