

"A peace treaty will be made, and the broker will be called the Prince of the People, and Son of Perdition (I am sure all wise Christians know who he is.) He will broker the peace. Even now I am told that he is laying plans for the city to be divided."

Brother Sadhu Selevarej; Nov 30th - Dec 8th Open Heavens Conference

SADHU, TUESDAY NIGHT

He began by reading two testimonies from overseas. One girl wrote that the Holy Spirit had touched her, and that she and her family saw angels in their home.

Heaven is getting closer to earth. The citizens of heaven - innumerable angels, just men made perfect, living creatures, will manifest themselves. Cherubim, seraphim also, because we have come closer to heaven.

While I was in the Philippines the Lord told me to use all modern methods of communication to get the word out. I had never heard of Facebook, twitter and so on. They all seemed like tweety-bird to me. So when I finished my prayer the first thing I did was that I opened a twitter account which I update every night even a prophetic word I put on it. So many other things the Lord has told me to do - if there is a prophecy, it is taped and put on YouTube so it can go out into the world in the nick of time, into cyberspace. With just a laptop you can go into cyberspace.

As I was waiting on God before this conference, I had a visitation from the prophet Zechariah. One of the fundamental gifts the Lord gave me from the beginning of my ministry was an understanding of the communion of the saints. The saints from the first century had a walk where communion with angels was second nature to them. When the Lord Jesus Christ died on the cross, the graves were opened and the saints all went into the holy city and appeared to many after the resurrection. This evening I had revealed to me (after 30 years of hearing it differently - I thought they all went up to heaven with the Lord when He ascended.), that it means that they remained on earth until today. Just like you and me, they have their respective works to do. Their days without us are not completed (Heb. 11:40). What does that really mean? They all died in the hope of what? They are waiting for us to work with them to complete the last days ministry. Haggai 2 talks about the former rain and the latter rain together.

In 2007 I was in Lancaster for a conference. One day during the worship, a saint appeared to me and asked me, "Do you know what it means - the former and the latter rain?" So he explained that the former rain refers to all the saints in glory - they have died but they are alive in Christ. The Lord is the God of the living not the God of the dead. Then these saints are living. So as they are living, they have a work to do. And the latter rain refers to the believers who live right now. And scripture says that He will give the former and the latter rain TOGETHER, and we will see the final outpouring of God's glory on earth. That is the good news. Not just humans alone, but also the heavenly company working together with us. So with that thrust the last day's work will be speeded and strength than in the previous thousands of years. Because we have a small window we have a great work to do. And we cannot use the weapons or weapons of yesteryears for the last days' ministries. The saints are in heaven, in glory. You cannot bring your old methodology. You must ask them and they will give you their strategies. We must now learn how to work together with heavens. This is what Jesus means when He said The Kingdom of heaven is in you." The New Jerusalem is coming down - that is heaven coming closer and closer to earth. If your citizenship is not in this world but in heaven, they you should get to know the citizens that are already in heaven.

My eyes were first opened in January 1984. The first saint I was given to see was John the Beloved. It has been a source of inspiration and encouragement to me to walk together with these beings. In November, 2011, Zechariah said to me, "Turn to Zech. 14:1-3: 'Behold the day of the Lord shall come and . . .'" Zechariah said to me, "The city of Jerusalem is going to be divided very soon." He explained to me the ramifications that will take place and how it will take place. On Dec. 5th I spent the whole day in prayer. As soon as I entered my hotel room, I saw this huge mighty angel in the room. I approached him and asked "What word have you brought?" They reiterated, "The city . . . It is going to be divided very soon." They went on to explain to me how it is going to happen and the events that shall lead up to all that. This city has been trodden down many times. In fact Jesus prophesied in that the temple would be torn apart without even one stone left upon the other, the city down trodden and divided."

Up to 1967 Jerusalem faced many wars; five times it was completely burned to ashes. Among all the cities

in the world, there is no other nation like Israel or any city like Jerusalem. This is God's city. It is so special because it is the apple of God's eye, the city where He has chosen to live.

When Enoch built the pyramid of Giza, it was designed and planned by the Almighty God Himself, like Moses building the tabernacle, and David planning the temple, modeled after what Heaven looked like. The New Jerusalem, in fact, is a pyramid shape. And that was the model given to Enoch, fashioned like heaven, also an altar for the God of the Universe in this earth.

In the center of the entire world, God put His pillars, and an altar was set to God in the center of the world. The pyramid of Giza has a flat top so that sacrifices could be offered on top, and it was to be a place for the Lord to sit. It was meant to be a portal, a gateway to the spiritual realm. When sacrifices are offered on it - let me share a spiritual secret of what happens when we worship the Lord. How does that work that God inhabits the praises of God's people? A portal opens for God and spiritual beings to ascend and descend and the glory of the Lord to come through. Don't just go to sing for 30 minutes and clap your hands and then it all dies down. The body, the soul and the spirit must be one to worship the Lord. Only then we can be very sensitive to the spiritual realms around us. When all becomes one, then the portal opens, when all can see the glory of God. When Solomon offered sacrifices, it says that all the singers and all the priests were one, and made one voice, and then the glory of the Lord came down. The glory was so thick that the priests could not enter in until the glory was lifted. Everyone saw the Kabod come down in their midst.

I often wondered about how the priests and the King had the Holy Spirit, but the rest were just ordinary. Nowadays we are all filled with the Holy Spirit, but how is it that we don't even see a flimsy puff of smoke passing by. The Lord answered the question: The difference is this: they worshiped God in the beauties of holiness. Whereas we are worshiping with filthiness on our hands, the self is not cut and laid there. You need to have no other thoughts in your mind, no spouse, children, just you and the Lord, no other gods between you and the living God. When you forget self and praise and worship in the beauty of holiness. . . but we must worship, not just singing songs to encourage ourselves, not really worshiping. For instance, why do we sing, "I am the God that healeth thee . . ." the angels must be wondering! Or, "I will sing like David sings" - that is just peppy songs that make you lose some fat. That is why we don't feel the slightest. It is time we reexamine all the songs that we sing and throw away all the songs that do not extol and magnify God, and build a throne of worship for Him. If you do, the very next second the glory will drop into your midst. If it can work in the OT, it can work better in the NT. Only then a portal is created for the angels and glorious ones, and even the Holy One of Israel, to ascend and descend. The Beauty of holiness is what the church should learn, and throw away all our past methods.

When Enoch was taken away by the Lord, and the fallen angels began to cohabit with humans (Note: the sons of God are not angels, they are different being, able to copulate; they look like us, are different beings. They were sent by God to teach men the ways of God. But they did not stay in their ways of calling but fell to lust. They lusted and commingled with humans. As a result of that, they became the sons of disobedience, they fell from their place of calling. They are not supposed to do this. Their DNA was different, corrupting DNA and monstrous life resulted, and their thoughts and minds became evil. And then fallen angels came along to further deceive men and to cause people to rebel. These angels taught men witchcraft, demon worship. And this altar built by Enoch to God became an altar to the devil. During that time Satan would have come to earth and become the god of this earth. This was what was planned for. I do not want to go into this more,. But the glory of God moved from that place to Jerusalem, when He chose that city for Himself. Wherever God puts his name on a place, satan will be there to take that territory for himself. That is why there has been such a battle over this city. The battle rages to usurp this city so that instead of the New Jerusalem coming down upon this place, satan wants to make it his place. He desires to establish himself above God in all things.

Zech. 14:1-3, "I will assemble all nations against Jerusalem to battle, and the city shall be taken into captivity (as when they went into Babylonian captivity) and the houses destroyed, the women ravished, and half the city shall go forth into captivity, and the residue of the people shall not be cut off from the city."

Since 1967 Jerusalem has been guarded from being taken until now. She has been fighting wars since 1948. In all the wars, history tells us that Israel was outnumbered militarily by all her enemies. There was no way she could win the wars by her own military strength. Military generals have testified by being

helped by angelic beings, and by God Himself who fought on behalf of Israel. ("Against All Odds" DVD - accounts from these wars by Israeli soldiers.) In one 1973 incident - one lone man was outnumbered by many military tanks, but he miraculously destroyed all the enemy. His superiors called him to retreat, but he refused and said, "I will go in the name of the God of Israel like King David did!"

But now the picture is different. During Jesus' 3 1/2 year ministry, many times His life was threatened, but no one could lay a finger on Him. But when the time came for Him to die on a cross, it was said, "Jesus, knowing now that His time had come, freely offered Himself . . ." All the 12 legions of angels, with Michael as their chief during the 33 years of His life (I am telling you by revelation) - it is of this that the Lord said, "Don't you know that I could call 12 legions of angels . . ." I saw by revelation when Jesus was being arrested. Michael was the closest, standing by the Lord.

When the soldiers came to arrest Jesus, every angel put his hands on his swords, ready to fight. Michael just told his angels to put their swords down. Otherwise no one could have laid a finger on Him. The angels all hung their heads down in great sorrow. They had all seen Jesus' glorious light in heaven. Now these men made of mortal dust are spitting on him, knocking Him around. But the Holy Spirit restrained all the angels, whose tears ran down with sorrow. The angels that are watching over this city with Michael will all pull back and will be restrained because the city must be divided. It is a painful event that will take place. But Israel needs to walk through that path so that other prophetic events can take place. She also must walk through the path of the cross so to speak, so she will look up, "My Lord God, why have you forsaken us?" She will cry during those moments of her crucifixion. That is necessary. Then will be fulfilled, and a spirit of grace will be poured out on the nation. (Zech. 11 - whom they have pierced) - it is the Gentiles who have been praying for Israel, with some believing Jews. But in the equation of God the tears of the Jews must also be mixed together with the tears of the Gentiles. How else will she have opportunity to cry out to the Living God. Except for Jerusalem, Israel cannot be identified as a holy land. Such abominations take place in this land! So what is going to make such a people turn to the living God. She must be crucified, and then she will cry out to the living God. Is. 37:35 - the city will be taken and will be divided.

This morning, after I introduced Bob, I wanted to stay, but I saw the Lord Jesus, and He said, "Come. I want to talk with you. He was standing on the balcony of my room. "Come and look at My city, how beautiful it is. This is the city that I walked in. This is where I did My work" (pointing at places.) As I looked around, the city looked so calm, serene, gentle. As I watched, a large 10 story building exploded before my eyes, then I saw on the other side a missile fell on the top of a high rise (like the twin towers) and war planes were flying all over the sky. The Lord Jesus said, "My city will suffer the pain of war." I saw angels standing beside me, and they said, "In the war, Israel will put on a stiff fight and suffer heavy losses. In the past she suffered minimal losses. But this time, all the restraints have been removed." This is the picture they gave me in comparison: Look at the Lord Jesus, how he was beaten, slashed, butchered. Dead bodies will lie on the street, bombs will explode, it was a horrible sight to see. A political trap will be laid out for the city to be captured. She will be deceived by those who love her. If you have read Shakespeare's Julius Caesar, it was Brutus, his friend, who gave the deadly blow. All his close associates were around him, betraying him. Likewise, Israel's closest ally and her lover will set a political trap for the city to be captured. Then the son of perdition will come to offer peace: a land for peace deal

This has already happened once after the Six Day war: the UN resolution 242, Nov. 1967: Israel must now retreat to pre-1967 borders, and return all lands. The deal was that land to be traded for peace - Israel withstood strongly then. But this time she will fall for the political trap set for her. I saw the PM of Israel feeling so helpless, that the ally that he trusted, who came in the guise of a friend, had set a trap so that they would have no choice but to surrender half of the city.

ANTICHRIST

The son of perdition will be the one who will broker peace with the land, and in return you get peace guaranteed and with a bonus, you get to build the temple. Already now secular Jews, who don't care if Jerusalem is intact or not, or the Golan Heights stay with Israel - they only want peace. If there was ever a referendum in the land, they would all opt to give up all the land, the majority of the Jews would say, "Let's give all the land back." The moment they gave away Gaza, that is when all the rockets began to fly into Israel. Imagine when Golan Heights inn surrendered? If Jerusalem is divided in two? Daniel 9:27 will

be fulfilled at this time. A peace treaty will be made, and the broker will be called the Prince of the People, and Son of Perdition (I am sure all wise Christians know who he is.) He will broker the peace. Even now I am told, that he is laying plans for the city to be divided.

What you see is this beauty from the inside. All the allies on the outside are not - they are just waiting, every one of them, to stab Israel's back. Her only friend will be the church - no one else. The UN will gather all the nations to force Israel to divide Jerusalem. This was prophesied by Amos 17. The PM of Israel at that time will have no choice but to surrender, because the friends they had trusted to help have betrayed them and they have no choice.

What is the aftermath? God is not going to sit back and let all hell break loose! If you touch the apple of God's eyes, be careful. When Pharaoh stood against Moses, he was standing really against the God who sent Moses. He sent judgment, one after another. Finally God had had enough, and formed a plan. He lured them all to the Red Sea for one final blow. Even Moses did not know what was happened. He told Moses that the Egyptians they saw today - you will never see them again.

Great earthquakes will happen in many places on the earth. When He died, rose from the dead, when He comes again - great earthquakes each time. When the city of Jerusalem is divided, there will great earthquakes all around the earth, followed by huge tsunamis (I saw that while they were explaining to me) - across the pacific ocean moving a great speed that no one can stop.

I was fasting and praying on Mt. Sinai, and saw in an open vision of what is going to happen to this other nation that will be a prime mover in the separation of Jerusalem. Right before my open eyes I saw a 3D map of USA. A mighty angel with a drawn sword was standing beside the map. This will be the judgment on this nation who will turn their back on God's people. He drove his sword into the center of the nation and cut the nation in two. And the nations that are responsible for dividing Jerusalem, God will gather for war to destroy them.

My dearly beloved brothers and sisters, I prayed very much - what about the righteous people who live in this land? They all assured me that they will be protected. Not a single hair will fall down from their head to the ground. And not only them, but during these days, God will even speak to many Christians to move into the land of Israel - not only Jews making Aliya, but Christians to move into the land because the fervent prayers of the righteous are needed to be raised up into this land. If you ever feel a slightest nudge or pull to move to Israel, then do it. Move! In fact, the Lord even told us to have an inheritance in this land, that Jesus has a place to place His foot in this land. We were not going to run away from Israel we will stand with her, like John the beloved who stayed with Jesus until the end. Again I saw to you, a holy saint is standing beside me and saying for me to tell you." There are many people that the holy God will say to move to Israel. Don't hesitate. If you walk with God, the sheep knows the shepherd's voice. If you are a goat, you need a second or third confirmation. Some of you will have a deep knowing in your spirit that you should move into this land to stay and be a presence here. What you should do, God will tell you next. Abraham did not know, each step was a step of miracle.

I see a huge, mighty angel standing in our midst right now. He says," If today you hear the voice of the spirit beckoning you to come and stay, do not wonder in your heart or harden your heart. For it is the spirit of your Father in heaven that is calling you. it is the spirit of your redeemer that is moving you to stand by her people." And I feel this impression in my spirit (I don't hear the angel speaking now, but feel in my spirit: as the children of Israel walked in the wilderness, their bread and water was provided for them and water, so all those who are called by God to stand with her people for such a time as this. Their bread and their water will be provided for them." Even right now as I am speaking these words, some people here are feeling a deep nudging in your spirit that you have such a call to stand by this nation, to come and dwell within her borders.

And the reason why God wants His children, the believers, to move into this land, so that that which is spoken by the Lord Jesus in Matt 25 can be fulfilled by you, that those who have been separated to the right: I was naked and you clothed me, hungry and you fed me . . . That will be performed by those righteous Gentiles. You will have opportunity to minister to these Jews. You can be those righteous Gentiles. As you have ministered to the least of these My brethren. For you to receive this reward, God is calling you into this land.

I see now the sweet and gentle and compassionate face of the Lord Jesus in the heavenlies: There are some who have concerns in their hearts about what will happen to their children if they move to the land in such tumultuous times. With compassion on His face says, "If I watch that no hair fall to the ground can I not hold them in the palm of My hand so that not even their shadows will be hurt? I Myself will lead them as a shepherd leads His sheep by the still and living waters.
